

Why we do this.....

Special Olympics Minnesota is founded on the belief that people with intellectual disabilities can, with proper instruction and encouragement, learn, enjoy and benefit from participation in individual and team sports, adapted as necessary to meet the needs of those with intellectual and physical disabilities.

Special Olympics Minnesota believes that consistent training is essential to the development of sports skills, and that competition among those of equal abilities is the most appropriate means of testing these skills, measuring progress and providing incentives for personal growth.

Special Olympics Minnesota believes that through sports training and competition, people with intellectual disabilities benefit physically, mentally and socially; families are strengthened; and the community at large, both through participation and observation, is united in understanding people with intellectual disabilities in an environment of equality, respect and acceptance.

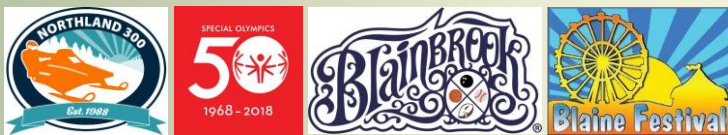

The Northland 300 has been raising funds to benefit Special Olympics for 31 years. With your help, the Northland 300 has exceeded the \$4.7 million in funds raised. This event benefits a great cause and helps educate more people to get involved with the Special Olympics Minnesota movement.

OUR GOLFERS HAVE A PASSION FOR SPECIAL OLYMPICS MINNESOTA.
